**Technical Committee (TC)**

**Role of Technical Committee TC**

- Identifying and harmonizing the standards in liaison with other international/partner organizations and in accordance with the market of standards.
- Give advice on the priorities in the choice of the standards to be studied.
- Monitoring the experience feedback with regard to the applicable standards.

They work out which they submit their plan of activities for:

1. Approval to the MC on the recommendation of the SMC.
2. They report back to the SMC on all their decisions.
AFSEC Technical Committee (TC)
